

## 4 Days Jinja-Sipi Safari

### Visited countries

#### Uganda

Although Uganda is famous for The Mountain Gorillas and Chimpanzees it is also home to, The longest river in the world, the River Nile. The most powerful waterfalls in the world, Murchison Falls, The third largest lake in the world, Lake Victoria. Those natural wonders coupled with The Ruetanzori Mountains in western Uganda and Mount Elgon in Eastern Uganda create an incredible habitat for animal and birds that is unrivalled in East Africa. However, we know that despite all those breathtaking attractions it is The People of Uganda that make this country the wonderful destination that it is.

### Central Uganda

The Central Region of Uganda is home to the two principal cities, Kampala which is the capital city and Entebbe. Although the distance between the two cities is only around 40kms the journey time is severely traffic dependant. This region of Uganda is characterised by hilly terrain with marshland valleys. Due to the curved shoreline of Lake Victoria, both cities are close to the Lake and can act as a gateway to the rest of Uganda's other principal cities to the east, west and north of Uganda. The region also acts as a good starting point for shorter weekend breaks to islands on Lake Victoria.

The Central Region is the historical seat of the Baganda Kingdom with the Kabakas Palace, Kisubi Royal Tombs and other Royal sites found here.

### Eastern Uganda

The Eastern Region of Uganda is home to one of the most important geographical discoveries by John Hanning Speke, the " Source of the Nile ", which is located in Jinja. It is incredible to think that the River Nile flows from this location all the way to the Mediterranean Sea. Well before the Nile reaches its destination it offers adventure lovers in Uganda a chance to Kayak and raft down the world famous rapids. The Region is also home to Mount Elgon National Park, Sipi Falls and Pian Upe Wildlife Reserve.

The predominant Kingdoms within this region are the, Busoga and Bagisu.

## Travel summary

- ☆ Day 1: Kampala - Jinja
- ☆ Day 2: Jinja - Sipi Falls
- ☆ Day 3: Sipi Falls
- ☆ Day 4: Sipi Falls - Entebbe

## Day 1:Kampala- Jinja

The trip from Kampala to Jinja is a well trodden one, especially on the weekend when thrill seekers from Kampala escape to Jinja, in search of adventure and a chance to be close to The River Nile and Lake Victoria.

The journey itself is a pleasant one which will take you through the outskirts of Kampala and in to the more rural areas of the eastern Buganda Kingdom. As you get closer to Jinja you will cross in to the Busoga Kingdom, which is one of the 5 constitutional monarchies in Uganda today. Jijna Town itself is accessed by crossing over Owen Falls Dam which was completed in 1954.

Your journey will be approx; 90km, 2hrs 30min drive

Widely regarded as the best half-day rafting trip on the planet. This is the safest and most popular trip down the Nile, challenging legendary rapids in the hands of those who know the river best.

For thousands of years, the source of the Nile River has been a subject of constant speculation. The Ancient Egyptians believed that the river had its source in two great mountains with eternal springs. From here one branch was said to flow north, dividing Egypt, and another south into Nubia and Ethiopia.

Some also believed that the Nile River's annual inundation was caused by snowfall at its source. In August 1858 explorer John Hanning Speke became the first European to see Lake Victoria. He claimed this largest lake in Africa to be the source of the Nile River and today is you get your chance to visit the Source of the Nile.
